FROM THE ROWING CO-ORDINATOR

There were some good results from Round the Island last weekend, especially from the girls first four which posted the fastest time for their category by 1’10”, well done. The boys eight also looked good finishing fourth in the lumpy conditions which the inter girls found challenging, finishing bravely having given their all.

All eyes are ahead now however with the Pulteney hosted regatta at West Lakes this weekend!! Hours of preparation and planning will seamlessly come together on Saturday – even the weather looks like it will smile on us! Thank you to all of our very generous sponsors, the University of Adelaide, platinum sponsors for the season and the many other generous supporters who have sponsored races for the day. Your contribution toward boats and oars is very much appreciated.

Thank you to the army of volunteers who have offered to assist with the myriad of chores required on a day like this, I know you will have a great time getting involved. There is no training on Saturday and we encourage all rowers from development squad upwards, to attend the regatta. Dev squad and juniors will be required for boat holding (separate email) at some stage in the day!

The hosted regatta is a day when the School is on display, on and off the water. Please remember to be sun smart and bring along your UV top or school PE gear, hat and water bottle! Make some noise and be Pulteney Proud.

GO PULTENEY!!
Richard Sexton
Head of Rowing

FROM THE PRESIDENT

Well one of the big days of this rowing season is upon us, with the Pulteney Boat Club hosting this weekend’s regatta at West Lakes.

Not only is it an honour to be able to host a regatta, it’s enormously important to our fund raising efforts for the year and a great day to offer exposure and recognition for sponsors. All our sponsors are highly valued and I’d like to take this moment to say a heartfelt thank you to them all for making such a significant contribution to our club. This represents the high point of the season in terms of our fundraising activities and we’ve been very successful in making the most of that.

The University of Adelaide is our platinum sponsor and you’ll see a strong presence from them on the day, with signage on the shore, now on our boat trailer and also on racing boats. We’re pleased with the educational synergy this sponsorship represents and that we’re benefiting from an increased level of sponsorship from the University this season.
At the end of it all, these funds go towards buying the boats and equipment that our school needs to give our kids the chance to experience this amazing sport. May I also thank in advance all the parents, students, coaches and Pulteney staff for what will be a great collective effort on Saturday and hopefully many hands will make it a rewarding day.

Go Pulteney ...and may we be handing out plenty of medals to our own successful crews on the day!

Leigh Radford
President, Pulteney Boat Club Committee

Pulteney Boat Club thanks Platinum sponsor the University of Adelaide for their support through the 2015-2016 season.
